La Capitale Travel and Trip Cancellation Insurance

All active teachers are covered by La Capitale's travel insurance and trip cancellation insurance as long as you are covered by provincial medical insurance (i.e., less than 182 days outside of Québec, absences of 21 days or less are not included in the calculation of the 182 days). Information can be found on pages 14 to 24 of your English insurance booklet (pages 16-26 en français). It is well worth reading before you travel. The information is also available in English on the FNEEQ English site. Click on the La Capitale icon on the FNEEQ site.

This means that you do not have to purchase medical insurance or trip cancellation insurance when you buy a plane ticket or leave the country by car.

The coverage is fairly extensive. Just some examples: Besides the basics of hospitalization, access to doctors and prescription drugs during emergencies, it includes TV & parking costs in hospitals, phone calls, provides an emergency telephone interpreters service, repatriation of the teacher, immediate family & travelling companion by public transportation, return of own or rental car, provides information needed if passports or credit cards are lost and in the US the names of lawyers for travel accidents & civil actions. There are restrictions. It does not cover things like accidents from bungee jumping, gliding and parachuting. Again it is wise to read what is covered.
